EARLY CHILDHOOD FAMILY EDUCATION

Early Childhood Family Education CONNECTING FAMILIES

With Each Other ○ Our School ○ Our Community

What is Early Childhood Family Education?

- **ECFE provides** educational opportunities! Our licensed teachers create age appropriate activities that use play based teaching to provide hands-on learning experiences for the children. We provide parents with ideas and strategies to carry learning into the home and begin to form a positive school-home partnership.
- **ECFE promotes** family involvement! Family involvement makes a difference in a child's education and we create opportunities to make it easy for parents to get involved.
- **ECFE shares** community resource opportunities! We educate parents about support networks, community resources and educational services that are available to them.

Non-Separating Classes:

Parents & children stay together in the classroom for the entire length of the class.

TeacherTime:

While parents are at discussion time, children will have independent play. This not only gives children a first "school" experience, but it will also be a way to address separation issues. Children are under the care of the classroom teacher where social interaction and free play is the main focus.

Parent/Child Time:

Parents & children spend time creating, playing and talking in learning activities. Time is spent with your child by guiding and encouraging as they learn new skills.

Circle Time:

Everyone joins in for this large group activity. You will notice a regular pattern each week that includes interactive songs, stories and movement activities.

Separating Classes:

Following parent/child interaction time, parents meet in a separate classroom with a parent facilitator for parent discussion.

Parent Discussion:

Led by ECFE staff to provide resources and lead the group towards helpful parenting discussions. Parents will have a chance to connect with other parents, learn about various resources, and discuss a variety of topics.

Special Events:

These special events include: special speakers and community events such as the Early Learning Fall Festival, Holiday Express and much more!

ECCE PARENT ADVISORY COUNCIL

What is Parent Advisory Council (PAC)?

ECCE Parent Advisory Council is a group of early learning parents that meet throughout the school year. Being a member of PAC is very low commitment and gives you a night out of the house. During the meeting, we will discuss programming and activities, provide suggestions and feedback for programming, assist with program activities and fundraise. This is a great way to learn about the ECCE program and to get to know other parents with early learning children. You are welcome to bring your children to play while the parents meet. If you are interested in joining, helping or would like to attend a meeting, sign up by using the QR code below.

PAC MEETING DATES:
